A SUPERB NOVEL

BY THE AUTHOR OF

Herzog

Saul
Bellow

Seize
the
Day

In **SEIZE THE DAY**, Saul Bellow reveals his extraordinary ability to grasp the moment and capture the essence of the human experience. In this, as in his other great works, Bellow's original vision, his flair for poignant comedy, and his unique brand of realism are vividly realized. . . . "Like James Joyce . . . Bellow attempts to discover pattern and meaning in the hidden fantasies of man living in a mechanized urban world. . . . Altogether, Bellow seems more suited by temperament and ability than any writer of his generation to create for America 'the uncreated conscience' of modern man. . . ."
